

Parental Consent Process

To provide parental consent, **the parent will need to create their own Summit account.** Once the account is created, they will be given the option to **link the applicants account with the parent's account.**

The linking option can also be accessed by selecting "mySCOUTbase" at the top of the website, then select "My Account".

Select "Add my Scout"

Select "Yes, I would like to link my Account with my Scout."

Enter the information for the applicant that is being linked.

Upon completion of linking the two accounts, **while logged in to the parent account, access the applicants' application** by selecting "Apply Now" from the 2013 Jamboree main menu drop down list. At this point one of two possible processes will be followed:

1. *If the resulting page is the "Be Prepared" policy* then review the policy and **select "I agree..." to continue or "Cancel" to exit the application.** If agreed, the following page will show an error message if the parent is not a BSA member (and that is expected). Under that error message or if no error message appears then towards the top center of the page, will be a "Dashboard" button. **Select the Dashboard** and continue with step two below.

OR

2. If the resulting page is the Dashboard of the application, at the top of the page, directly under the "2013 Jamboree Registration Dashboard" banner, the statement "Viewing Application For:" can be found. Utilizing the drop down list to the right of the statement, **select the account for the applicant requiring parental consent. Open the application and proceed through each page of the application making any corrections as needed. Once the pages have been reviewed and any necessary changes have been made, select "submit."** Submitting the application through the parent's Summit account constitutes "parental consent."

Successful submission of the application will result in a confirmation page. Included on the confirmation page is a link to the "Request to Attend Form". Print a copy of the form, complete the form and obtain all necessary signatures. Return the form along with the deposit to your local council. Deposits are determined by and vary council to council. Check with your local council for their specific financial information.
